Welcome **Message**

*Our team is managed and guided by our expert Mentor/CEO **Mr. Tanmay Kumar Singh**, who has achieved excellent exposure of 10 years in Mechanical engineering and business services by providing complete client satisfaction.*

Business and relationships are growth with “TRUST” and “SATISFACTION” and we work with that. That’s why we grow in business and satisfy our customers and make long-term relationships with us.

**NATIONAL
ENGINEERING**

About **Company**

Proudly we are National Engineering, a firm started in 2005, We are rapidly emerging in Mechanical Maintenance, Electrical Maintenance, Crane Maintenance, Operation, Fabrication, Housekeeping, and Manpower Supply in the field of Steel Industries and Projects. Self-motivated entrepreneur **Mr. Dharendra Kumar Singh** is a graduate and the founder who has more than 25 years of vast experience in the field of steel Industries.

We at National Engineering believe that work is worship. Our Main goal is to surpass our client's expectations. This Firm was established not only to earn profit but with a noble motive to assist Customers to get quality services on a scheduled time.

Business and relationship grows with “TRUST” and “SATISFACTION” and we work with that. That’s why we grow in business and make our customers satisfy and make long term relationship with us.

Vision & **Mission**

Vision

"To be the leading provider of innovative and sustainable Operations and Maintenance solutions and Manpower supply, driving excellence in asset performance, safety, and environmental stewardship. We envision a future where our industry sets the standard for efficiency, reliability, and responsible resource management, contributing to the overall well-being of communities and industries worldwide."

Mission

"Our mission is to optimize the operational performance of critical infrastructure and industrial facilities through advanced Operations and Maintenance practices. We are committed to:

- **Excellence in O&M and Manpower Supply:** Striving for operational excellence by implementing cutting-edge technologies, best practices, and continuous improvement methodologies.
- **Safety First:** Prioritizing the safety and well-being of our employees, clients, and the communities in which we operate. We aim to create a culture of safety that permeates every aspect of our work.
- **Client Partnership:** Building strong, collaborative relationships with our clients to understand their unique needs, providing tailored O&M solutions that enhance asset reliability and longevity.
- **Employee Development:** Fostering a culture of learning and professional development, empowering our team to stay at the forefront of industry advancements and deliver exceptional service.
- **Innovation and Adaptability:** Embracing innovation and staying adaptable to emerging technologies, market trends, and regulatory changes, ensuring our solutions remain at the forefront of the industry.

Our **Services**

We are rapidly emerging in Operation and Maintenance (Mechanical, Electrical and EOT Crane Maintenance), Housekeeping and Despatch of Steel Plants such as Rolling Mill, Sinter Plant, EAF, LRF, FES, caster etc.

- **Operation, Maintenance (Mechanical, Electrical, EOT Crane Maintenance), and Housekeeping of Steel Plant such as Rolling Mill, Sinter Plant, EAF, LRF, FES, caster, etc.**
- **Equipment Fabrication and Erection Services of Steel Plant (Expert in fabricating Equipments of Electric Arc Furnaces, Ladle Refining Furnace, Converter Vessels, Fume Exhaust Systems, Bag Filters, Bag House and other equipment of steel plants).**
- **Building Structure Fabrication and Erection Services**
- **Manpower Supply services for Machine Shop and steel plants (For all kinds of work)**

Our **Clients**

We understand that each organization is unique, with distinct operational challenges and goals. As a trusted partner in the Operations and Maintenance (O&M) sector and Manpower Supply, we pride ourselves on offering client-centric solutions that go beyond industry standards.
